"This day I call the heavens and the earth as witnesses against you that I have set before you life and death, blessings and curses. Now choose life, so that you and your children may live." Deut. 30:19

Stateline Pregnancy Clinic's Quarterly Publication

FROM THE DIRECTOR

At one time or another, every center director has a dream for the center. Taking that dream to reality can be an arduous task, but one well worth the effort. God clearly states in His Word that without vision, the people perish. It would not be much of a reach to also say that without vision a ministry will perish, but most visions begin simply with a dream.

My dream is to make Stateline Pregnancy Clinic the first choice clients think of when they find themselves with an unplanned pregnancy. I can tell you it is a sweet thing when dreams begin to manifest as reality. With generous donor support we now can afford the billboard advertising necessary to promote our services. Within weeks of this printing you will see our signs around our community.

As pro-life people, we are fully persuaded that the living God is the Author of LIFE. And as created by God, EVERY LIFE has meaning and purpose, regardless of circumstance. For that reason we must be prepared to reach each one He sends to us within the best of our ability using the resources we've been given . . . Like when we met Mona. Mona came to us only three weeks after her abortion, concerned that she was pregnant again. She was experiencing spontaneous crying jags, anger, nightmares, and

profound sadness. Her abortion experience was "horrific and expensive." She was terrified to have a child but couldn't go through with another abortion. Mona thought she had practiced "safe" sex, so when the condom broke she went into panic mode. (You'd be shocked to hear how many times we get reports of condoms breaking.)

We told her our idea of practicing "safe" sex was very different from what she had probably been told, and began to share with her the concept of sexual integrity, which concerns the whole person: intellectually, emotionally, relationally, physically and spiritually. The advocate explained fertility, marriage and what healthy relationships look like, beginning with a relationship with God. Mona learned that God had a plan for her life. His plan for her provided forgiveness for sin, and healing for the emotional damage caused by her abortion.

Our work here is multi-dimensional. With our rising numbers the opportunity to reach abortion vulnerable and abortion damaged clients grows. Now, more than ever, there are so many to reach but so few trained to reach them. Stateline Pregnancy Clinic was birthed out of God's desire to *promote life, provide help and produce hope*. Won't you consider joining our team? SPC has lots of different ways you can help. Please stop by—or give us a call. I'd love to talk and share our mission with you.

Volunteers

All it takes is Heart!

Volunteers Bring Sunshine To Our Clinic! *By Lori Rice, Client Services Coordinator*

Many volunteers and staff met for a time of training and refreshing on Tuesday, April 17th at People's Church located across the street from the Clinic. The number of abortion minded clients has tripled in the last few months so we spent time discussing how to handle telephone calls and clients coming in with the option of abortion set in their mind. We had a great discussion; we reviewed the complications and information regarding abortions so that we could give accurate medical information to those who inquire. The afternoon was a time of refreshing as CJ Payne, a former Pregnancy Clinic Director, spoke on prayer and how our prayer life is a vital part of our work here at Stateline Pregnancy Clinic.

A number of volunteers have started or are completing the *LOVE APPROACH ON-LINE* training. An evening of training through client/advocate role playing, and information sharing is planned for Monday, June 4th at 5:00 pm. Part of the time we'll be reviewing the on-line material, and introducing new resources and information that will give advocates added confidence as they meet with clients. If you are able to attend this course finisher, please RSVP lrice.spc@gmail.com, so we can plan on your attendance.

It is with a sad heart that we say, "Thanks so much!" to Judy Cufur, who has been our *Smart Start* Mom's group leader. Judy has been working with the first time moms for more than seven years. Many lives have been touched and changed as Judy taught new moms how to prepare for motherhood. She rocked many a baby while sharing the love of the Savior with the gals. Judy's heart will always be with SPC, but she is moving forward to fulfill her next season in God. We are so grateful for all she has done to build this ministry, and will miss working with her and seeing her kind smile every Wednesday.

The New Mom's Boutique has had another facelift! Thanks to the organizational efforts of our Office Manager, Christina Liles and the helping hands of Mary Jane Szarzynski and Joan Hanson, our boutique looks like an upscale boutique

found in any high end shopping area. It is a real blessing to the young moms to be given a place that looks beautiful and has beautiful items to choose from as they spend their well earned their Baby Bucks! Thank you all for your help. We can always use volunteers to sort clothing, and who are available during the shopping hours. Let us know if you would like to help.

Opportunity Knocks

On-going Training for Volunteers is now Available!

On-line training customized specifically for the Stateline Pregnancy Clinic is available to all of our volunteers. The love Approach and training gives every volunteer the chance to take the training at their own pace. By taking the pre-quizzes and studying the curriculum they can check their understanding with a quiz after each section. If
